

TRANS-AM CLUB OF AMERICA
DAYTON CHAPTER

Please consider joining us in Cleveland for what could be one of the largest indoor gathering of Firebirds in the region… but I need your help! You don't have to be a Club member to participate. If you or anyone you know has anything in the Firebird line from 1967 to 2002, and would be willing to attend, please reach out to me directly. I'd like to get back to the officials in Cleveland with a preliminary count by the end of this month (November). Let's turn this into a Mini-Nat's, but with full-size cars! Looking forward to hearing from you!
